Clasificar

Clasificar

The screenshot shows the App Inventor interface for the 'ClasificadorDeImagen' project. The left side displays the component palette with categories like DisposiciónTabular, DisposiciónVertical, DisposiciónDespVertical, Medios, Dibujo y animación, Mapas, Gráficos, Ciencia de los Datos, Sensores, Social, Almacenamiento, Conectividad, LEGO® MINDSTORMS®, Experimental, and Extensión. A specific extension, 'TeachableMachineImageClassifier', is highlighted. The center shows the 'Screen1' screen with a smartphone preview. The phone screen displays a globe icon at the top, followed by the text 'Yesica' and 'Botella' in a list, and a large green 'Clasificar' button at the bottom. The right side shows the properties panel with various components listed, including 'VisorWeb1', 'DisposiciónHorizon', 'eYesica', 'vYesica', 'ebotella', 'vbotella', 'BotonClasificar', and 'TeachableMachine1'. Buttons for 'Cambiar nombre' and 'Borrar' are also visible.
